**SIMULATION
ASSISTED
VIRTUAL
EXPERIENCES**

ISA
Indian Society of
Anaesthesiologists

Bringing Virtuality to Reality

DATE-

10th November 2024
Timing 8am onwards

VENUE-

School of excellence
Neurosurgery, Medical
college Jabalpur

In association with ISA Jabalpur City branch

PATRON

Dr Navneet Saxena

DEAN, NSCB Medical College, Jabalpur

Dr. Avadhesh Pratap Singh

DIRECTOR, SSH, NSCB Medical College

Organising Chairperson

Dr. Ashish Sethi

HOD, Department of Anaesthesia

Organising Secretary

Dr. Aparna Tamaskar

HOD, Department of NeuroAnaesthesia

Simulated scenarios in-

- Anaphylaxis
- Neurocritical events
- Airway emergencies
- Shock

HANDS ON-

- FAST and eFAST
- Trans Esophageal ECHO
- Trans Thoracic ECHO
- USG guided lumbar puncture
- USG guided central venous cannulation

- No spot registrations
- Registrations on first come first basis

Only
40
Slots available

Key Highlights

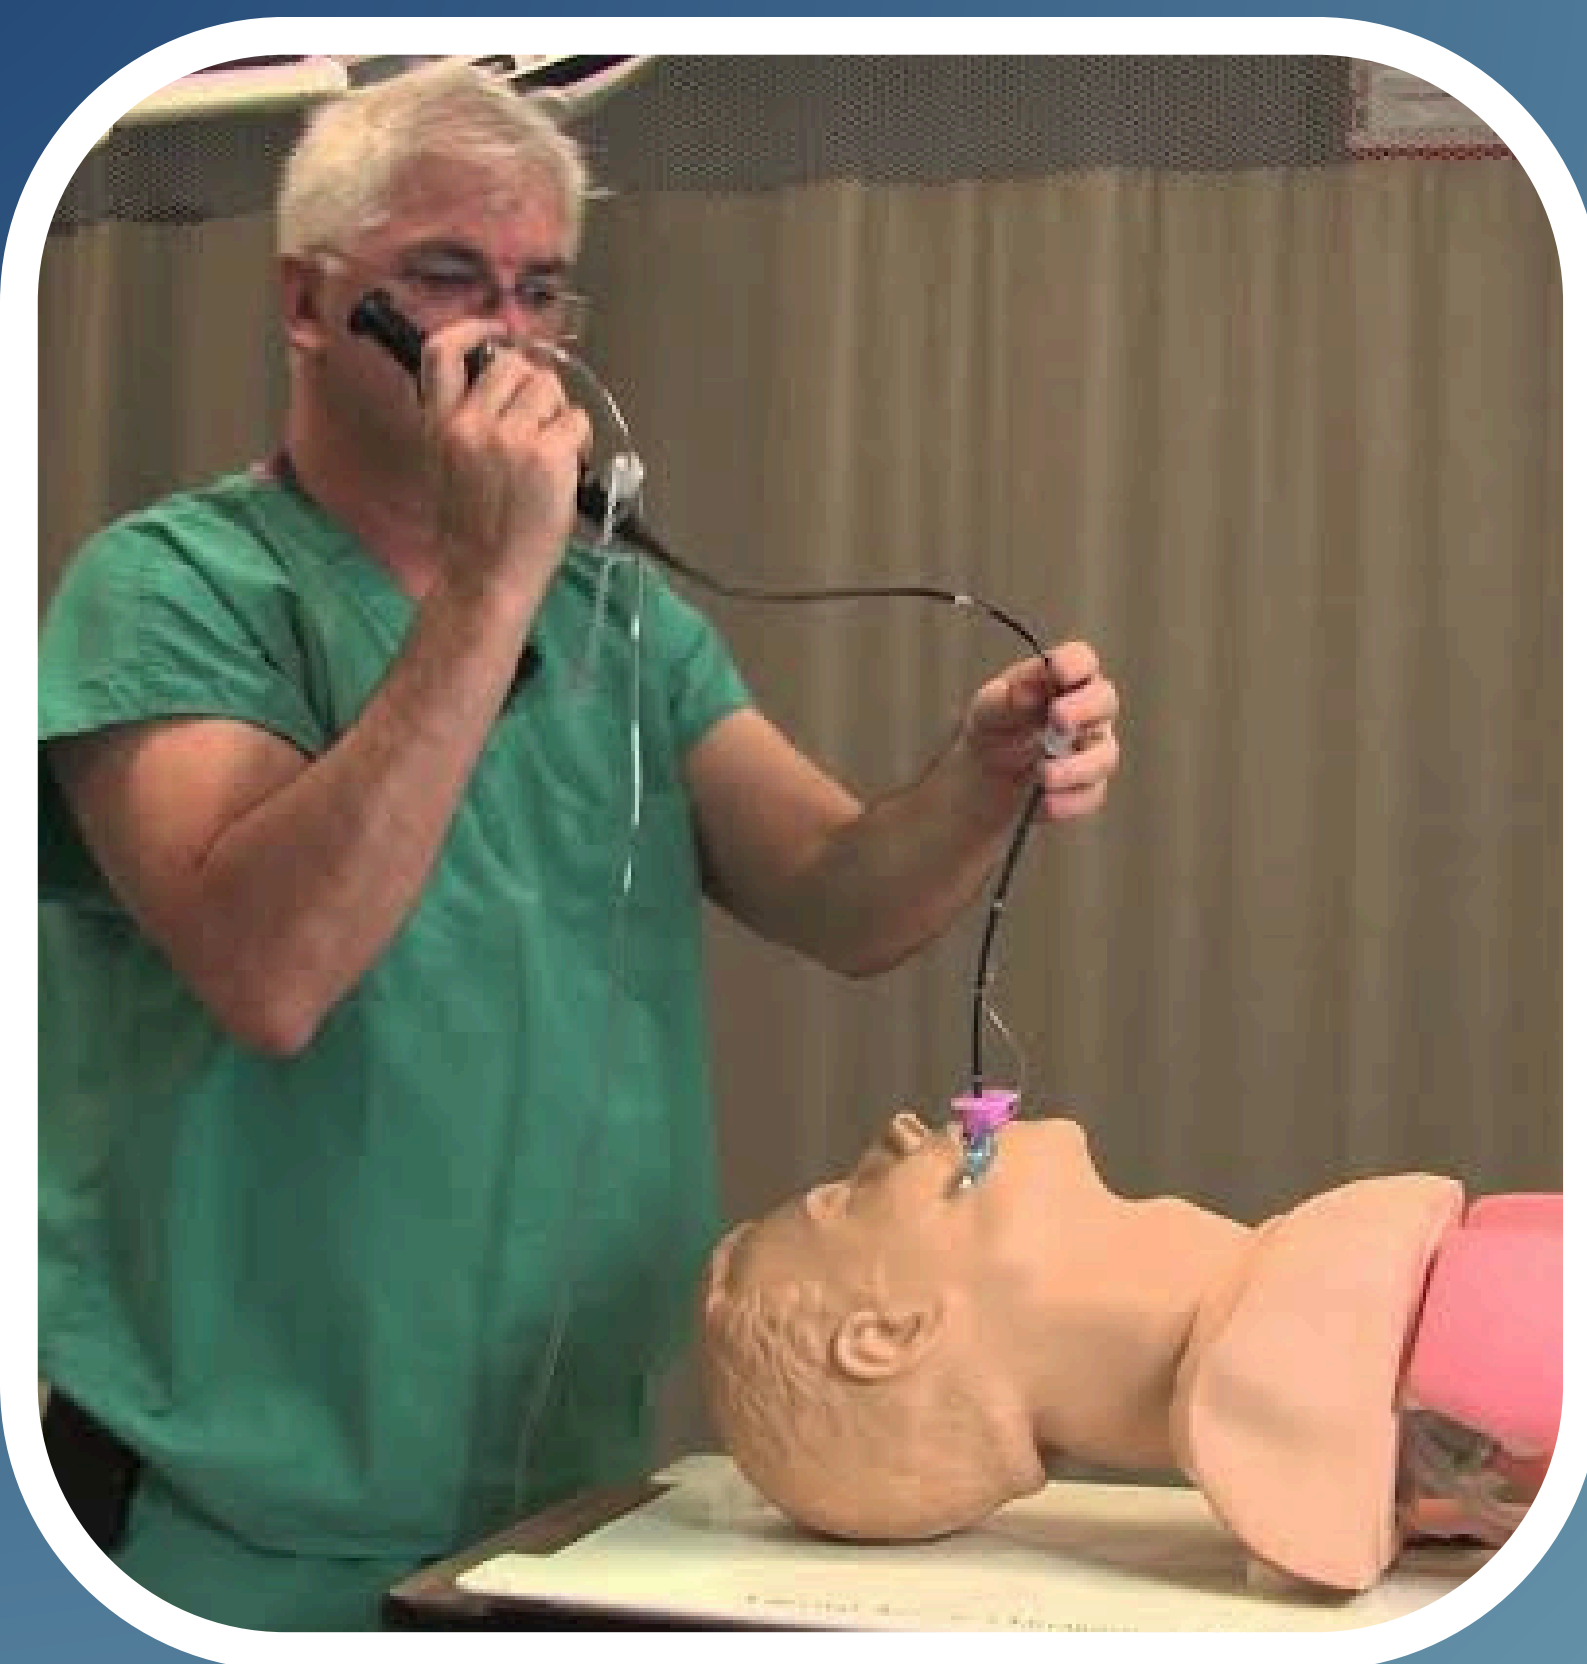

Enhance your ultrasound skills by exploring a wide array of advanced imaging modalities, such as FAST, eFAST, transesophageal and transthoracic ECHO, as well as ultrasound-guided lumbar punctures and central venous catheterization. Combine this knowledge with practical training scenarios for a comprehensive learning experience.

This engaging, practical program covers advanced airway management techniques. Participants will acquire knowledge and hands-on experience through various scenarios designed to effectively handle difficult airway situations in all circumstances.

Key Highlights

Simulation workshop and Scenario-Based Training including Anaphylaxis, Shock, various intraoperative crises, neurocritical events and more. Let's equip ourselves to effectively handle life-threatening perioperative situations!

It's time to master the procedure of fiberoptic intubation (FOI). Let us help ourselves to improve Hand eye coordination by experiencing live Fiber optic Hands on simulation .

FACULTY

Dr. AMIT JAIN

Dr. MEENA SINGH

Dr. VISHWANATH MOHIRE

DR. KAMAL RAJ SINGH

DR. DEEPAK HINGWE

DR. ANIVESH JAIN

DR. RITIKA DHURWE

DR. ASHISH GUPTA

DR. CHHAVI DWIVEDI

DR. PRADYUMNA KAKODIA

DR. CHRIS LEMOS

DR. SHAIENDRA NEMA

Indian Society of
Anaesthesiologists

Expert Faculty

DR. AJIT BAVISKAR

HOD, Emergency Medicine
D.Y. Patil Medical College, Mumbai

DR. HARSHAD DONGARE

Associate Professor, Emergency Medicine
B.J. Medical College, Pune

Guest Faculty

DR. PRADEEP JAIN

Associate Professor
Department of Cardiology
NSCB MEDICAL COLLEGE

8:30 - 9 AM	Registration and Breakfast
9AM-12PM	Simulation based workshop
12-1 PM	Expert Faculty lecture on- SHOCK- Point of care Ultrasound (POCUS)
1- 2 PM	Inauguration followed by Lunch
2- 5 PM	Hands on workshop on-
	1. Simulation
	2. Transesophageal Echo
	3. Transthoracic Echo
	4. USG- CVC
	5. USG- lumbar puncture
	6. Fiber optic Simulation
